Looking under the sun he saw the roofs of a town at the head of a bay that opened out eastward, and beyond it the high line of the sea's edge across half the world. Turning west he saw fields and pastures and roads. To the north were long green hills. In a fold of land southward a grove of tall trees drew his gaze and held it. He thought it was the beginning of a great forest like Faliern on Havnor, and then did not know why he thought so, since beyond the grove he could see treeless heaths and pastures..One day in autumn he came back to the school. He went in by the garden door, which gives on the path through the fields to Roke Knoll. It is a curious thing about the Great House of Roke, that it has no portal or grand entryway at all. You can enter by what they call the back door, which, though it is made of horn and framed in dragons tooth and carved with the Thousand-Leaved Tree, looks like nothing at all from outside, as you come to it in a dingy street; or you can go in the garden door, plain oak with an iron bolt. Having long studied these, Gelluk knew that once he had enough of the pure metal, the next stage was to refine it yet further into the Body of the Moon. He had understood the disguised language of the book to mean that in order to purify pure quicksilver, the fire must be built not of mere wood but of human corpses. Rereading and pondering the words this night in his room in the barracks, he discerned another possible meaning in them. There was always another meaning in the words of this lore. Perhaps the book was saying that there must be sacrifice not only of base flesh but also of inferior spirit. The great fire in the tower should burn not dead bodies but living ones. Living and conscious. Purity from foulness: bliss from pain. It was all part of the great principle, perfectly clear once seen. He was sure he was right, had at last understood the technique. But he must not hurry, he must be patient, must make certain. He turned to another passage and compared the two, and brooded over the book late into the night. Once for a moment something drew his mind away, some invasion of the outskirts of his awareness; the boy was trying some trick or other. Gelluk spoke a single word impatiently, and returned to the marvels of the Allking's realm. He never noticed that his prisoner's dreams had escaped him.. "Now you," Diamond said to Rose, and she started to do what he had done, but the rock only twitched a little. "Oh," she whispered, "there's your dad."
