table. He put his left hand under her right arm, as though Agnes were feeble and in need of support. Junior considered leaving before Vanadium still seventy-five yards away arrived. He was afraid he would appear to be fleeing. The wife killer was evil; and his evil would be expressed one way or another, regardless of the forces that affected his actions. If he'd not killed Naomi on the fire tower, he would have killed her elsewhere, when another opportunity for enrichment presented itself. If Victoria hadn't become a victim, some other woman would have died instead. If Cain hadn't become obsessed with the strange conviction that someone named Bartholomew might be the death of him, he would have filled his hollow heart with an equally strange obsession that might have led him, anyway, to Celestina, but that would surely have brought violence down on someone else if not on her. "Well, maybe you're right," Bellini said somewhat acerbically, before departing, "but then you've had the advantage of an illegal search, while I'm hampered by such niceties as warrants." Tom stared down into the oceanic depths of the city, through the reefs of buildings, to the lamp-fish cars schooling through the great trenches. Rising slowly like the blade in the hands of an ax murderer as deliberate as an accountant, Thomas Vanadium's gaze arched from Junior's clenched fist to his face. Ordinarily, when Celestina was troubled, her art was a perfect sanctuary from all woes. When she was planning, composing, and rendering, time had no meaning for her, and life had no sting. Junior thought he was alone, but just when he felt capable of summoning the energy to shift to a more comfortable position, he heard a man clear his throat. The phlegmy sound had come from beyond. Junior tipped his head back and gazed up toward the section of broken-out railing along the high observation deck. demons: hypodermoclysis ... intravenous oxytocin ... maintain perfect asepsis, and I mean perfect, at all times ... a few oral preparations of ergot as soon as it's safe to give her anything by mouth. Stepping forward lightly, lightly, as he swung the candlestick, Junior saw the dinner guest stiffen, perhaps sensing danger or at least movement, but it was too late. The guy didn't even have time to turn his head or duck. A cast-bronze figure, fixed to lacquered walnut in want of raw dogwood, suffered above the bed. This crucifix, contrasting starkly with the white walls, reinforced the impression of monastic economy. At first, he couldn't gather the nerve to return to the kitchen. He was crazily certain that in his absence, the dead detective would have risen and would be waiting for him. In the time of the kings, mages gathered in the court of Enlad and later in the court of Havnor to counsel the king and take counsel together, using their arts to pursue goals they agreed were good. But in the dark years, wizards sold their skills to the highest bidder, pitting their powers one against the other in duels and combats of sorcery, careless of the evils they did, or worse than careless. Plagues and famines, the failure of springs of water, summers with no rain and years with no summer, the birth of sickly and monstrous young to sheep and cattle, the birth of sickly and monstrous children to the people of the isles—all these things were charged to the practices of wizards and witches, and all too often rightly so. One manly woman. Several womanly men. But no blocky figure that could have been the crazed cop even in disguise. able to reconcile these opposed forces, she was all but paralyzed by indecision. At 11:45, on her way to bed, Agnes stopped at Barty's room and found him propped against pillows. The book was not particularly large as books went, but it was big in proportion to the boy; unable to hold it open with his hands alone, he rested his entire left arm across the top of the volume. Harrison was a Baptist, Vanadium a Catholic, and although they approached the same faith from different angles, they weren't coming to it from different planets, which was the feeling Vanadium had been left with following their conversation. It was true that Enoch Cain could never be brought successfully to trial for the rape of Phimie, subsequent to her death and in the absence of her testimony. And it was also uncomfortably true that exploring the possibility that Cain was the rapist would tear open the wounds in the hearts of everyone in the White family, to no useful effect. Nevertheless, to rely on divine justice alone seemed naive, if not morally questionable. Whether making love or killing, he was never guided by bigotry. A private little joke with himself. But true. "All right," Celestina said, "yes, of course." She could see no harm in humoring Phimie. "Angel. Angel White. Now, you calm down, you relax, don't stress yourself." She wasn't listening closely to him. Numb. She felt as though she were half anesthetized. She was looking past him, at nothing, and his Voice seemed to be coming to her through several layers of surgical masks, though he now wore none at all. Junior was not immune to traditional logic, but in this case he recognized the superior wisdom of Zedd's philosophy. His dread of Bartholomew and his gut-level animosity toward a child he'd never met defied all reason and exceeded simple paranoia; therefore, it must be purest, infallible animal instinct. He hurried into the bedroom and switched on the nightstand lamp, without concern for whether the light might be seen from the street. AT ST. MARY'S HOSPITAL, where Wally had brought Angel into this world three years ago, he was now fighting for his life, for a chance to see the girl grow and to be the father she needed. He'd been taken to surgery already when Celestina and Angel arrived a few minutes behind the ambulance. "Here we are," said the driver, braking to a stop at the curb in front of the gallery. Cops at the doorstep, the lunatic bitch with the chair, the clergyman's curse—all this amounted to more than even a committed man could handle. Get out of the present, go for the future.
